July 1, 2021

Greetings, Families:

Thank you for your continued support of our students, staff, and school community. We hope you are well, and we are reaching out today with some important information and a convenient process that can assist families and our school district. Even though all children will be able to eat free during the 2021-22 school year, the Household Economic Survey (HES) generates additional funding for our local educational programs.

We ask all families to complete the HES application. Eligibility determination will be made according to the established guidelines, and if your family qualifies the district will still receive the funds accordingly. A few additional reasons for this consideration include:

- There are other school district benefits for families that qualify, such as reduced/free school fees, textbooks, and transportation.
- If families do not complete the application, state and federal funding for our school district may be reduced.

Please feel free to contact the school or district office with any questions.

Thank you for your consideration of this important process.

2021-2022 Household Economic Survey

For your school to receive specific state and federal benefits and funding, you must fill out this form.

There are _____ people in my household, including all children and adults.

The total annual income for all people in the household before any deductions for taxes, insurance, medical expenses, child support, etc., is _____ per year.

Student Name	School	Grade	Date of Birth

I certify/promise that all information on this form is true and that all income is reported. I understand that the school will receive state and federal funding based on the information provided. I understand that school officials may verify/check the information.
